

EVERYTHING YOU NEED ALL IN ONE PLACE.

Tidewater Marine Supply

There's no need to wait for mail order to arrive. Our Store has all the gear- and boating expertise- you need to fully enjoy every boating season. You'll find boat parts, engine parts and accessories all in one waterfront location. Our inventory rivals most of the national chains. Our low price guarantee assures you get a great value on every item we sell.

Full Service and Repair Facilities

Our Service Department stands ready to handle anything you need. We offer haulouts up to 35 tons, FRP repairs, prop and shaft repairs, rigging, installations and winter storage. Additionally we have an engine shop on site.

BaySail Sailing School

From beginner through Bareboat Charter Certification and navigation, BaySail offers a full range of ASA certified courses designed to enhance your skills and love of sailing.

Regatta Room

Planning an event- meeting, rehearsal dinner, reunion? We have a waterfront venue that can handle just about anything. A unique blend of indoor, covered, and outdoor space, the Regatta Room can handle any size event- from 12 people to 200 people. Use any caterer, or do it yourself. Special discount rates available for marina customers.

Boaters' Choice Award 2024

ABOUT HAVRE DE GRACE

Havre de Grace is the gateway to the Chesapeake Bay - one of the most interesting and protected cruising areas in the world. It is also unique as fresh water from the Susquehanna River sets us apart from other Chesapeake ports. Keeping your boat looking good here is a breeze - there is no salt water corrosion or barnacles. Swimming here is a little different too - there are no sea nettles to worry about and the nearby Susquehanna Flats provide a submerged offshore beach just minutes from shore.

In town, people enjoy the historic charm and relaxed pace. Museums, unique shops and some of the finest restaurants on the Bay are within walking distance of the marina. Our town's historic district provides an excellent backdrop for all your activities.

ABOUT TIDEWATER

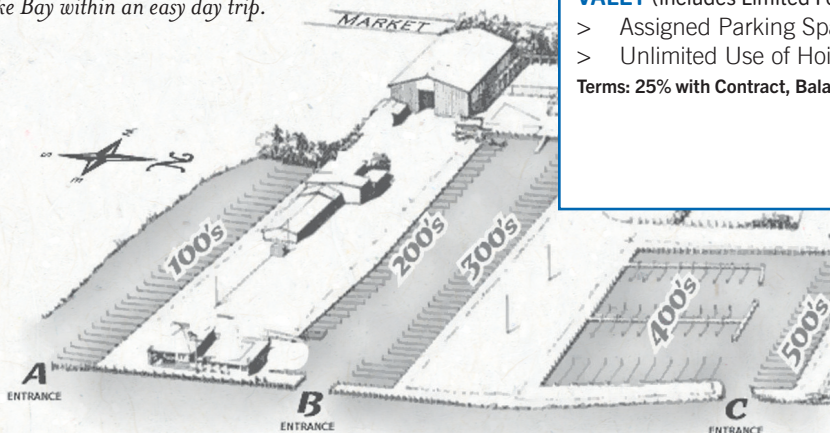

It's been 70 years since Tidewater Marina started operations. We've grown from a modest thirty slips to become one of the major full service boating facilities on the Chesapeake Bay.

In addition to deep water slips we offer moorings, hoist spaces, trailer parking, and over 120 spaces for boats in our Hi & Dri. Our configuration with full land breakwaters creates well-protected basins that eliminate current and waves within the marina- making for much easier maneuvering and a calmer time while docked. We're fully staffed year round. So there is always someone watching out for your boat.

Our complete approach makes it easier for you to enjoy boating. In addition to space rentals, you'll find a discount marine store, service, repairs and fuel dock, as well as a waterfront event venue. Added onsite services from HP Marine Service and Baysail Sailing School expand our offerings even more. Properly insured outside contractors are permitted to work within the marina.

The real difference at Tidewater, however, is in the staff. Most are long term employees with an interest in boats that goes back to their childhood. All are dedicated professionals and active boaters that work year round on their area of expertise to make Tidewater a top notch marina.

Our location at the head of the Chesapeake Bay is convenient from Baltimore, Philadelphia and central Pennsylvania. Access from I-95 and US40 makes your travel time from these locations about an hour. Travel by water from Havre de Grace puts most of the ports of the Chesapeake Bay within an easy day trip.
